Bloomington — The City of Bloomington is recruiting applicants to serve on a task force that will look at the future of Hyland Greens Golf and Learning Center. Hyland Greens has been experiencing an operating loss.

The task force will develop recommendations for the City Council regarding a possible re-use strategy for the property. Potential options include converting the golf course into a park, re-developing the site into residential uses or a hybrid approach of the two options.

For an application or more information, visit www.BloomingtonMN.gov or call 952-563-8717.
